Digital Welding System Controls

Speaker: Joel Weber, *Eastern Regional Manager*,
AMET, Advanced Manufacturing and Engineering Technologies

This presentation will cover Digital welding system controls and their use in the Power Generation, Oil & Gas, Aerospace, Nuclear and general fabrication industries.

Digital control and welding processes to be covered include:

Narrow Gap Tandem Wire SAW systems and applications
Variable Polarity GTAW, PAW applications
Standard and Hot Wire GTAW systems and applications

AMET has been building Turn Key integrated welding systems and digital controls for over 20 years. Located in Rexburg, ID, AMET is also an international company. Their locations in Beijing China and Cambridge UK serve the markets in Asia and Europe. Visit their website at: www.ametinc.com

Joel Weber is the fourth generation of his family to work in the welding industry, and has been a member of AWS for 25 years. He has been with AMET for three years, and currently serves as the Eastern Regional Manager.

Chairman's Message

The AWS Foundation has a program entitled "Welding for the Strength of America Capital Campaign," the funds of which are used to support the AWS Welder Workforce Development Program.

As you well know there is a critical shortage of qualified welders in the United States. This worthwhile program, which has raised more than four and a half million dollars thus far, deserves your support. There are provisions for estate planning as well as donations from current funds. Be as generous as you can.

For more information about this program, contact the AWS Foundation in Miami, FL, or speak with an officer in the New Jersey Section.

Skills USA

Saturday, May 8, 2010

**Somerset County
Vocational-Technical School
Bridgewater, NJ**

Plans are well underway for the 2010 SkillsUSA contest.

We're still looking for several adult members to help supervise and to serve as judges.

The event runs from 8:00am - 3:00pm. If you can't be there for the entire time, a half day, or even a few hours would be helpful.

Donations of carbon and stainless steel would also be appreciated.

If you or your company can assist in any way, please email either:

George Sheehan:
gsheehan@ucvts.tec.nj.us
or, Jim Dolan: dolanjf@aol.com

Mail AWS NJ Section correspondence to: AWS NJ Section, c/o Jim Dolan, 169 Clover Hill Rd., Millington, NJ 07946

Sponsors Needed

Now is a perfect time to jump in

New Jersey Section News is made possible by the support of Sponsors companies. In turn, it provides them with the best and lowest cost method of reaching the full membership of the AWS NJ Section.

Annual Sponsorship includes a display ad in each issue, discounts and free promotional opportunities. Full page promotional flyers can be mailed as inserts with the newsletter for less than the postage required to mail them yourself!

Please consider supporting the NJ Section Newsletter through Sponsorship or by using the newsletter to distribute your promotional flyers.

For complete information, call 973-731-2967 or email: grillonpkg@comcast.net.

Keep your Member Info Current

Be sure that your membership info is complete and up to date at AWS headquarters — especially if you joined before the onset of the electronic age.

Please add your email address and make any other necessary changes and updates to your phone number, address, employer, etc. so that you can stay in touch and keep informed.

You can update your info directly from the AWS website at: www.aws.org. Just go to Member login/member services > Menu > Change Address and make any revisions needed..

If you have any questions or need assistance, you can speak with a Member Specialist by calling: 800-443-9353 ext. 480.

Exhibitors Invited

**May 19, 2009
Manufacturers Night**

The AWS NJ Section is planning to present another of these popular annual events to bring the latest in machinery, equipment, technology, materials and services directly to the members.

Manufacturers Nights also provide a terrific promotional opportunity for companies of all sizes. Manufacturers and area providers of equipment, materials and services can all showcase their capabilities through table top displays.

Display tables are free on a first-come, first-served basis, so be sure to sign-up as soon as possible.

If your company would like to participate, email Wyatt Mann: Wyatt_Mann@lincolnelectric.com
