**How to Monitor Essential Variable  
of a Weld Procedure Real Time**

Speaker: Seann T. Bradley, The Lincoln Electric Co., Inc.

The presentation will show how you can monitor and record volts, amps, WFS, deposition rate, and heat input real time with Lincoln Electric Production Monitoring™ 2.

Seann T. Bradley holds a Bachelor of Science in Material Science from Michigan State University, College of Engineering.

For the past 12 years, Seann has worked as a Sales Engineer for The Lincoln Electric Company in the New York District Office. During this time, Seann has covered both the metropolitan New York City and Northern New Jersey markets. Seann has successfully developed welding procedure for both ferrous and non ferrous materials. These procedure were developed for manual, semi-automatic and automatic processes. Seann successfully supported and installed over twenty five Welding Automation projects. He has been an AWS member since 1997, and both the Secretary and Chairman of New Jersey Section.

District 2 Director: KEN STOCKTON CWI, PSEG

## Chairman's Message

Here we are, closing out another year. First, there are a few items that need immediate attention.

The pulsed GMAW / Metal Cored Welding Seminar is coming up very quickly. (See column at right.) Please contact me for an available spot.

The OSHA seminar in January / February (see page 3) needs more participants. If you know of anyone that could benefit, please send them the information.

The Section needs members that are out in industry to help promote these type of programs and seminars. They provide valuable information and are well worth the time and expense involved. Please support them.

On to something new: As a benefit to our members and a means of increasing meeting attendance, we are looking to set up a program to offer Professional Development Hours (PDH's) to meet the training requirements of CWI and SCWI 9-year re-certifications. If you have an interest in this type of program, please e-

This is the last newsletter before the year's end, so on behalf of the executive committee, we wish everyone a safe and happy holiday season. Please remember the members of the armed forces in your prayers and donations.

James Dolan CPS/CWI, *Dolan Associates*  
AWS NJ Section Chairman

## Last Call for Seminar: Pulsed GMAW & Metal Cored Arc Welding

**November 10, 2009 12:00 - 4:00pm**

The AWS NJ Section will present a four hour seminar on Pulsed Gas Metal Arc Welding and Metal Cored Arc Welding.

### Ironworkers Training Center

12 Edison Pl., Springfield, NJ 07081

Cost: \$25.00 per person at the door.

Refreshments will be served.

**By reservation only:** To assure a spot, email your name, company & contact phone number to: [dolanjf@aol.com](mailto:dolanjf@aol.com)

Mail AWS NJ Section correspondence to: AWS NJ Section, c/o Jim Dolan, 169 Clover Hill Rd., Millington, NJ 07946

## OSHA General Industry Awareness Seminar

**Note: Register Now—Participation is limited to 25**

The AWS NJ Section will host a 10 hour seminar in two 5-hour sessions to meet the requirements of the OSHA General Industry Awareness program. **This is NOT a boring rendition of OSHA standards.** The training will emphasize hazard identification, avoidance, control and prevention as required. Cost: \$250 per person.

Session 1: Tuesday, January 19, 2010    Session 2: Tuesday, February 16, 2010  
Sessions run 12 noon - 5:45pm with a 10-minute break between each hourly topic.

Location: Pantagis Renaissance/Snuffy's Clambar, Scotch Plains, NJ 07076

Participants are invited to remain for the NJ Section membership meeting and dinner following the sessions (\$25 per person cash at the door)..

Ted Valerio and Al Nichols are Chemical Engineers and OSHA General Industry Outreach Trainers authorized to conduct both 10 & 30 hour General Industry outreach training. Their outreach training includes hands on demonstrations, class participation, case studies, etc. Ted and Al are industrial safety consultants with over 30 years of hands-on industrial safety experience. They have an office in Flemington, NJ.

For an hour-by-hour course description, refer to the September or October issue of this newsletter. Copies may also be viewed on the Section website.

**To register:** For each registrant, include name, address, occupation, phone, fax and email, with a \$250 check payable to: **AWS NJ Section**

Mail to: James F. Dolan, 169 Clover Hill Rd., Millington, New Jersey 07946.

Any questions, call: 908-304-2605 or email: [dolanjf@aol.com](mailto:dolanjf@aol.com)

## By-Law Revision

The following change is proposed to the AWS New Jersey Section By-laws:

### **Article V - Management - Section 7**

Presently reads:

“At all meetings of the Executive Committee, half the named members plus one shall constitute a Quorum.”

Proposed change:

“At all meetings of the Executive Committee, five members of the Committee shall constitute a Quorum”.

Voting will be in person at the January 19, 2010 Executive Committee meeting, Pantagis Renaissance/Snuffy's Clambar, 250 Park Ave., Scotch Plains, NJ, between the hours of 4:00 - 6:00p.m.

Ad Hoc Committee Chairman  
Alfred F. Fleury

## Sponsorship

**Now is the perfect time to jump in**

New Jersey Section News is made possible by the support of Sponsors companies. In turn, it provides them with the best and lowest cost method of reaching the entire membership of the AWS NJ Section.

Annual Sponsorships include a display ad in each issue, discounts and free promotional opportunities. Full page promotional flyers can be mailed as inserts with the newsletter for less than the postage required to mail them yourself!

Please consider Sponsorship or using the newsletter to distribute your flyers. For complete information, call 973-731-2967 or email: [grillonpkg@comcast.net](mailto:grillonpkg@comcast.net).

**Mailing List —** If you change your address, please contact AWS National. Also email both the old & new info to: [grillonpkg@comcast.net](mailto:grillonpkg@comcast.net)
