Chair’s Message

Thanks to G. Cotter Enterprises for hosting the September meeting. It was a very interesting meeting.
Hope to see you all at the November 18th meeting for the Koike Aronson presentation.
Best wishes to all of our members a happy and safe holiday season.
Paul Lenox, CW, CWI, AEIS
AWS NJ Section Chairman

Fabtech 2014

November 11 - 13 at Georgia World Congress Center, Atlanta

North America's largest combination metal forming, fabricating, welding and finishing event will be held at the Georgia World Congress Center, 285 Andrew Young Int’l Blvd. NW, Atlanta GA,
The event anticipates over 27,000 attendees and is expected to cover more than 500,000 net square feet, presenting 1,500 exhibiting companies throughout the A., B, and C buildings of the Congress. Over 100 educational sessions and presentations will also be held.
For complete information about registration, education programs, an exhibitors list and other details, please visit:
www.fabtechexpo.com

Keep Current

“What is Positioning Equipment and What Can it Do for You?”

Speaker: Don Burgart
Koike Aronson, Inc. / Ransome

The presentation will review the different types of Positioning Equipment, what it can do and how to see it. It also will go over several special applications that were designed to meet specific customer needs.

During Don Burgart’s 32 years of experience in the design development of positioning equipment for the welding and handling industry, he has held many job titles, but in all positions he was responsible for the design development and sales of special applications for the welding industry. Review customer needs and working with the customers to develop and provide the best solution to meet their needs. Ransome Company since 1983 as a design engineer, engineering manager and national sales manager. Koike Aronson / Ransome since 2001 as Welding Product Manager. Responsible for all aspects of the Welding Postioner product line.

Koike Aronson / Ransome is a manufacturer of high quality metal cutting, welding and positioning equipment with over 90 years of experience. They have one of the broadest products lines within the industries served, including CNC Oxy-fuel, CNC Plasma, CO2 Precision Laser and Waterjet Cutting Machines, Welding Positioners, Portable Metal Cutting and Metal Welding Carriages for a variety of materials such as mild steel, stainless steel, aluminum, armored plate, etc. along with quality gas apparatus to provide excellent safety when operating the equipment. Both the Cutting and Positioning lines can be built standard or custom to customer’s specs.
